**INSTANT ARCH** is a reliable, pre-manufactured building product that comes in a variety of sizes to provide your arch needs.

**INSTANT ARCH** is installed during framing and takes only minutes to install using standard building techniques, whether you're a do-it-yourself handyman or professional contractor.

**INSTANT ARCH** can be used for wall niches, pass thru walkways, fireplace surroundings, and any other place you find suitable. It will transform ordinary homes into extraordinary architectural statements.

Arches have been used in the building industry for thousands of years. **INSTANT ARCH** evolved from that to suit today's building needs. Let **INSTANT ARCH** be your #1 choice for your arch projects.

**COST EFFECTIVE  
&  
100% SATISFACTION GUARANTEED**
